

## Reolink Home Hub

### Wi-Fi 6 All-in-One Security Center

- Up to 1TB\*2 microSD Card Storage
- Up to 8 Reolink IP Cameras
- No Monthly Fees

## Specifications

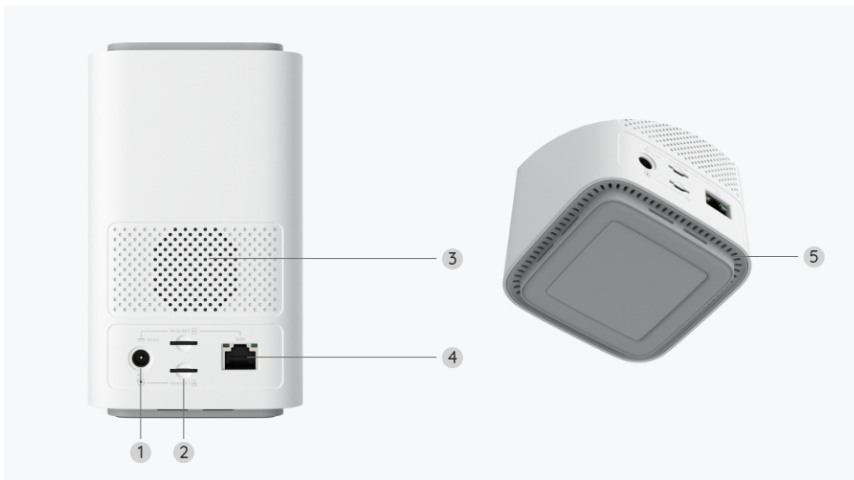

| Device Management    |                                                                                               |
|----------------------|-----------------------------------------------------------------------------------------------|
| Camera               | Up to 8 cameras                                                                               |
| Device Compatibility | All Reolink Wi-Fi/PoE cameras (Battery cameras require a firmware upgrade)                    |
| Safety Protection    | Account access and sharing options for individual devices are only available through Home Hub |
| Input/Output         |                                                                                               |
| HDMI                 | NO                                                                                            |
| USB                  | NO                                                                                            |
| Reset Button         | YES                                                                                           |
| Power                | DC 12V/1A                                                                                     |
| Speaker              | YES (Max. 115dB)                                                                              |
| Ethernet             | 1*10M/100M bit RJ45 port for WAN                                                              |
| Storage              |                                                                                               |

|                               |                                                                                                                                       |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| SATA                          | NO                                                                                                                                    |
| microSD Card Slot             | Up to 1TB*2                                                                                                                           |
| Backup Media                  | NO                                                                                                                                    |
| Storage Encryption            | Protect privacy and prevent theft with AES-128 encryption algorithm                                                                   |
| <b>Preview &amp; Playback</b> |                                                                                                                                       |
| Live View                     | APP, PC Client                                                                                                                        |
| Playback                      | Smart playback/event history                                                                                                          |
| <b>Wi-Fi</b>                  |                                                                                                                                       |
| Wireless Standard             | IEEE 802.11 a/b/g/n/ac/ax (Wi-Fi 6)                                                                                                   |
| Operating Frequency           | 2.4/5 GHz                                                                                                                             |
| Wireless Security             | WPA/WPA2/WPA3                                                                                                                         |
| <b>System</b>                 |                                                                                                                                       |
| Network Protocols             | TCP/IP, UDP, DHCP, P2P, UPNP, RTSP,RTMP, SMTP, SSL/TLS, DNS, DDNS, NTP, FTP                                                           |
| OS Supported                  | PC: Windows, Mac OS; Smartphone: iOS, Android                                                                                         |
| Max. User Access              | 11 users (1 admin account & 10 shared accounts)                                                                                       |
| Smart Home                    | Google Assistant                                                                                                                      |
| <b>Working Environment</b>    |                                                                                                                                       |
| Operating Temperature         | -10°C~+45°C                                                                                                                           |
| Operating Humidity            | 10%~90%                                                                                                                               |
| <b>Mechanical</b>             |                                                                                                                                       |
| Dimensions                    | 95*95*161.8mm                                                                                                                         |
